Dear Sir:

In response to the Official Action dated March 11, 2005, please consider the following comments and remarks.

At the outset, applicant has submitted a replacement sheet for Fig. 3 identifying reference no. 1 as the wine bottle and reference no. 101 as the mouth of the bottle. Support for this amendment can be found on pages 4 and 5 of the present specification and it is respectfully asserted that no new matter has been introduced to the present application by virtue of the drawing amendments.
